With a combination of enthusiasm and athleticism, the cheerleading team conveys the spirit and pride that goes along with being a Hartford Hawks fan. In addition to pumping up the crowd, the cheerleading team represents the University of Hartford at community events both as ambassadors for the school and the athletic department.

The cheerleading team works alongside the Pep Band and Dance Team at school sporting events; such as both Men’s and Women’s Home Basketball games. The cheerleaders also have the opportunity to travel to post season tournaments and specialty games.

Squad members represent the University of Hartford at various community events both on and off campus.

The Cheer team offers various clinics throughout the year for high school seniors and those interested in preparing for tryouts. The team also attends UCA camp in the summer and competes in the Spring Semester. The team is looking to grow in size and skill, with the hopes of competing at UCA nationals next winter.
